# #PLANET FIRST

At Miquelrius, we are aware of the importance of our planet, therefore, we are committed to taking care of and preserving it. With our actions, we wish to contribute to a world that is more sustainable and respectful with the environment.

To help preserve our planet, it is indispensable for society to be aware of this and for children to acquire sustainable habits from a young age.

## RECYCLED POLYESTER - RPET

In this catalogue we present a wide range of textile products that are made of recycled polyester (RPET). We join the fight against excessive plastic in the oceans, recycling single-use products that take hundreds of year to degrade.

## FSC

All the stationery products in this catalogue are certified with the FSC (Forest Stewardship Council) logo, a nongovernmental accreditation and certification organisation that promotes appropriate environmental management, socially beneficial and economically viable of the world's forests.

In this manner, we can guarantee sustainable consumption of paper in our products.

# TECHNICAL CHARACTERISTICS OF THE NOTEBOOKS

## HIGH QUALITY PAPER

All our notebooks are made with extra opaque paper, so the ink does not pass  
through to the other side of the page, facilitating writing on both sides. This paper  
offers an excellent satin finish for fast drying if ink. Our paper with sustainable  
fibres has FSC MIX CREDIT certification, guaranteeing that the paper comes from  
environmentally sustainable forests.

## HIGHLY DURABLE COVERS

Made of COMPACT CARDBOARD, extra rigid, covered and laminated (mat or glossy). This combination  
gives the notebook consistency, so you can write without needing a support, and great durability, thanks to  
its lamination.

## SIZES AND RULINGS

We offer different sizes to choose from. They also come with different rulings and numbers of sheets.

Legal guarantee. MIQUELRIUS backpacks  
offer a three-year guarantee against product  
defects.
