

EXPRESSING EMOTIONS
SINCE 1839

General Catalogue

2021

We are a company with **more than 180 years of experience** in the manufacture of stationery products. We pioneered the introduction of products who have changed the way you organise your time and tasks: the Integral system of ring diaries and our already classic Notebook with micro-perforated sheets with coloured subsections.

Today, **we continue betting on innovation** while relying on the same 5 principles:

Design. We connect fashion and design through our pieces of stationery, diaries, writing items, school accessories, and office and desktop accessories as well as a whole universe of gift products.

Adaptation. We evolve with our environment, creating products for all kinds of likes, activities and age groups.

Quality. Manufacturing high quality products using the best materials.

Responsibility. We look after our environment and guarantee the quality of our products and services. We have the widest range of recycled and recyclable notebooks on the market, meeting the needs of an increasingly eco-conscious world. We have also joined forces to fight against excess plastic in the oceans by each year expanding our range of environmentally-friendly products made from recycled polyester material from PET (RPET) plastic bottles.

We are integrated in the business group **APLI** and together we respond to the needs of our clients; with national and international product shipment coverage. Always with quality and safety as a priority.

NOTEBOOK THE ORIGINAL

In 1989 we created the Miquelrius Notebook. The first notebook with a coloured strip system on the side of its micro-perforated sheets which allows you to cleanly tear off and separate them in order to organise by subjects or projects. In addition, sheets of sizes A4 and A5 have respectively 4 or 2 holes to enable filing in any standard ring binder.

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra-opaque paper.

We comply with the standards that guarantee the environmentally-friendly, socially beneficial and economically viable management of the world's forests.

**Opaque
Paper**

THE HIGHEST QUALITY

The high-quality offset printing of the interior lines achieves greater subtlety and clarity, making the writing stand out and, therefore, making it easier to read.

In all our Notebooks we use **extra-opaque premium quality paper**, with resistant fibres, a good priming to prevent irradiation and a satin finish that provides optimal writing smoothness.

Notebooks manufactured with care and affection down to the finest detail. That's what MIQUELRIUS Notebooks are like. Maximum quality, using the best materials and with the **FSC Mix Credit certification**.

NOTEBOOK ANTIVIRAL

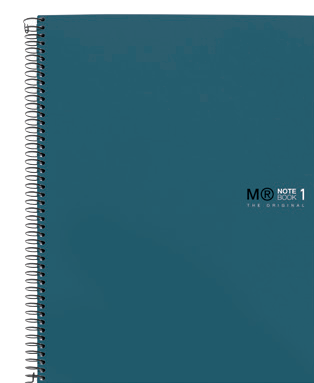

- ✓ Notebook with **ANTIVIRAL AND ANTIBACTERIAL TREATMENT** in the external lamination of its covers.
- ✓ This treatment is **ISO 22196 and 21702 CERTIFIED**, which guarantees effectiveness in more than 95% of bacteria and viruses.
- ✓ It is a durable treatment whose main component is silver ions, harmless to humans, which guarantees its permanent hygiene to the touch.
- ✓ No matter how many hands the notebook passes through, it will remain free of viruses and bacteria.

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra-opaque paper.

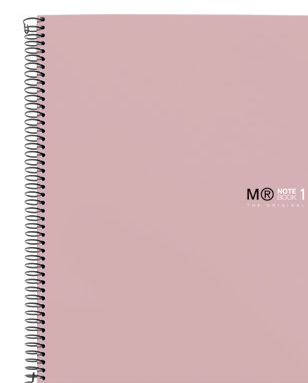

We comply with the standards that guarantee the environmentally friendly, socially beneficial and economically viable management of the world's forests.

Notebook

EMOTIONS

An exciting range of notebooks with covers available in fresh and colourful shades. Each colour conveys a message and reflects a personality.

14 COLOURS, 14 EMOTIONS

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra opaque paper.

We comply with the standards that guarantee the environmentally friendly, socially beneficial and economically viable management of the world's forests.

**Opaque
Paper**

Pink: romanticism
#IamPink because I think love is greater than anything.

Lavender: sophistication
#IamLavender because I love all chic things.

Magenta: creativity
#IamMagenta because I see life differently.

Red: passion
#IamRed because I am not afraid of the unknown.

Orange: spontaneity
#IamOrange because I am in touch with my emotions.

Peach: harmony
#IamPeach because I like things to be so.

Lime: fun
#I'm funny because I make others laugh.

Mint: commitment
#IamMint because when I give my word I give my all.

Green: honesty
#IamGreen because I am what I am and I run away from complications.

Formentera: freedom
#IamFree because I can do what I love.

Turquoise: enthusiasm
#IamTurquoise because I do everything with passion.

Skyblue: calmness
#IamSkyblue because I am happy and my glass is always half-full.

Navy: responsibility
#IamNavy because I stand for myself.

Black: tenacity
#IamBlack because I pursue my goals and never give up.

NOTEBOOK DESIGN

In 1996, we were pioneers in applying colour, illustration and design to the world of stationery.

Since then we have progressed from a range of traditional notebooks to the widest variety of printed designs on the market.

Every year more than 100,000 people enjoy this range of notebooks where the details are the distinguishing feature.

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra opaque paper.

We comply with the standards that guarantee the environmentally friendly, socially beneficial and economically viable management of the world's forests.

NOTEBOOK ECO

We have the widest range of recycled and recyclable notebooks on the market, meeting the needs of an increasingly eco-conscious world.

Our range of products expands year after year offering a wide range of styles and formats, from the plainest to most lavishly patterned, without forgetting the colour that is our hallmark.

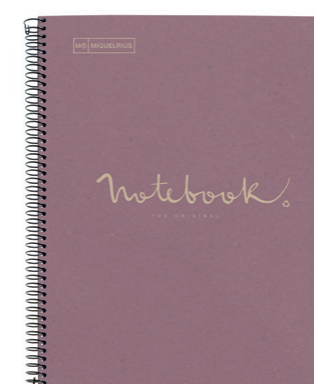

The spiral separates from the paper and covers and should be thrown into the grey container.

Paper and covers are recycled in the paper container.

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra opaque paper.

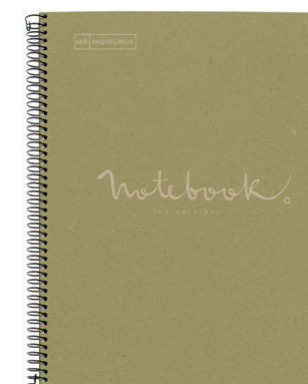

**Opaque
Paper**

Manufactured with 100% post-consumption recycled paper and cardboard and respecting the most demanding environmental certifications.

PADS AND REFILLS

The most compact format, the one that occupies less space and allows unhindered writing because it does not have the limitation of the spiral. Ideal for carrying in a folder or a ring binder.

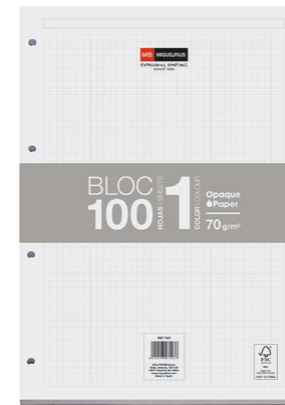

In all our Pads, manufactured in our facilities in Parets del Vallés, we use premium quality extra opaque paper.

We comply with the standards that guarantee the environmentally friendly, socially beneficial and economically viable management of the world's forests.

The problem with plastic is a **global problem** that concerns us all. The products made of this material often have a very short useful life but take hundreds of years to degrade, which leads to environmental pollution.

For this reason, at Miquelrius we join the fight against excess plastic in the oceans and **we want to do our bit** by expanding our range of environmentally-friendly items made from recycled polyester material from PET (RPET) plastic bottles, which we identify in this catalogue with the bottle symbol.

MIQUELRIUS backpacks offer a two-year legal guarantee against product defects. All the details and specifications of the guarantee can be found on our website.

HOLDALLS

Our wide variety of holdalls can be adapted to the tastes and needs of any student throughout his or her school life. With the school range, the already extensive offer of cases and holdalls present throughout the catalogue is completed.

At Miquelrius we combine **a modern and functional design** with the highest quality standards to offer a totally reliable product. Classical, innovative, high capacity, fun shapes... all imaginable options, complemented by an exclusive design that makes each of our holdalls unique

At Miquelrius we join the fight against excess plastic in the oceans and **we want to do our bit** by expanding our range of environmentally-friendly items made from recycled polyester material from PET (RPET) plastic bottles, which we identify in this catalogue with the bottle symbol.
