DIARIES AND PLANNERS

We are a company with **more than 180 years of experience** in the manufacture of stationery products. Five generations for whom innovation and quality have been their main important pillars.

Pioneers with the introduction of products that changed the way to organize: the Integral diaries with a ring binder system and the already classic Notebooks with micro-perforated sheets and side band colours.

We are presenting a **wide range of diaries** which any kind of user can relate to. **A wide assortment with a large variety of styles, sizes or formats.**
